

# ASX Announcement

7 May 2026

## Completion of \$1.8bn Xplore Wealth Client Book Migration

Generation Development Group Limited (ASX: GDG) confirms, as outlined in its *March 2026 Quarterly Update*, the migration of the Xplore Wealth managed discretionary account (MDA)<sup>1</sup> investment portfolios to Evidentia Group's Implemented Portfolios private label MDA service on the HUB24 platform.

The transition of \$1.8 billion in funds under management (FUM) increases Implemented Portfolios' total FUM to more than \$4 billion, reinforcing its position as Australia's largest independent MDA provider.

Integration with the HUB24 platform expands Evidentia's capability across multiple, leading investment administration platforms and supports broader distribution of its managed account capability.
